

The running of carnivals in 2020 will be required to comply with the Government restrictions in place at the time with regard to the size of gatherings, total people allowed at a venue, social distancing and hygiene requirements. These restrictions are subject to change and it is the responsibility of the host Association to ensure that their event will comply with the restrictions in force at the time.

Carnival categories as listed, including age groups may change.

It is strongly suggested that Associations consider the format of their carnival and think about the size of the carnival and alternate options should numbers be restricted. Options may include working with an Association in their region to jointly host a carnival splitting the age groups across 2 or 3 Associations.
