If you are using the same registration type names as your state, you will only need to adjust the fee displayed to the Association charge i.e. do not include the State capitation amount. You will not be required to create new registration types each year. Existing ones can be used year on year.

Reg Business Rules

- Discounting Secondary**  
Participants registered multiple times to this type will only pay once per period
- Discounting Conversion (All)**  
Previous registrations against other types for this org will offset the cost of this registration
- Discounting Conversion (Group)**  
Previous registrations against other types (in this group only) for this org will offset the cost of this registration
- Allow Duplicates**  
Multiple registrations for this type for a participant in this period from the same org are allowed (usually set for program registrations)

PARENT TYPE	<b>Mandatory</b> This is the State registration type linked to the registration being set up.
REG TYPE GROUP	<b>Mandatory</b> The wider group that a registration type belongs to. This field will automatically populate once the parent type is set.
NAME	<b>Mandatory</b> The name of the registration type which will be visible to clubs in their registration set up. This name will also appear predominantly in registration records and reports.
DESCRIPTION	Further clarification on the registration type.
ACTIVE	Making it active will allow registrations against that type.
DEFAULT ROLE	The role that is attached to the specific registration type. I.e. Player: Senior, Team Official: Junior Coach
REG BUSINESS RULES	Various business rules which can be utilised by an association for various discounting options. <i>Please refer to the last page on clarification on the rules.</i>

## Age Range

From  To

**Note:** From and To Age can be changed to be within the fee structure bands below if you wish to restrict registration to a subset of ages.

## Registration Hierarchy

ORGANISATION NAME	AGE FROM	AGE TO	STATUS
Netball Australia	0	17	
Netball NSW	10	17	
Blacktown City Netball Association Inc	10	17	

The age range from and to in this section of the set-up will determine what age a player must be to register to that type. Anyone outside of the age range will not be able to register to that type at the point of registration.

## Fee Structure

Registration Period

FROM AGE	TO AGE	FEE	TAX RATE	
10	17	80.60	0.00	<a href="#">Edit</a>

Age From  Age To  Fee

## Related organisation fees for 2018

- ▼ Netball Australia
  - Ages 0 to 17: \$0.00
- ▼ Netball NSW
  - Ages 10 to 17: \$62.40
  - ▼ Blacktown City Netball Association Inc
    - Ages 10 to 17: \$80.60

From here, the Association will populate their fees for the specific registration type. It is important to correctly populate these details as clubs will see the registration fees in their product set up which are used as a guide to setting their final fee.

- Click Edit in the box
- Enter your Association Fee
- Click update and then save to complete the registration type set up

When entering the fee please ensure it is not inclusive of the Netball NSW fee. You should only be inputting your Association Fee.

Reg Business Rules

**Discounting Secondary**

Participants registered multiple times to this type will only pay once per period

**Discounting Conversion (All)**

Previous registrations against other types for this org will offset the cost of this registration

**Discounting Conversion (Group)**

Previous registrations against other types (in this group only) for this org will offset the cost of this registration

**Allow Duplicates**

Multiple registrations for this type for a participant in this period from the same org are allowed (usually set for program registrations)

- **Discounting Secondary** – if a player registers more than once to your Association in the current year, the Association fee will be automatically deducted from the total they pay.

*Please note Netball NSW have set this to be the rule at a State level, therefore at the point of payment, if a player is already registered for the current year, the Netball NSW capitation fee will be automatically deducted from the total payable. This means Associations and clubs are not required to set up a second online product for returning members less the Netball NSW capitation.*

- **Discounting Conversion** - if a player registers more than once to your Association in the current year for the same registration type the primary Association fee will be automatically deducted from the total they pay.

*Please note Netball NSW have set this to be the rule at a State level, therefore at the point of payment, if a player is already registered for the current year, the primary capitation fee will be automatically deducted from the total payable. This means Associations and clubs are not required to set up a second online product for returning members less the Netball NSW capitation.*

- **Discounting Conversion Group** - same rule as above across multiple groups / registration types e.g. a player registers as a Non Player for winter 2018 and Senior for summer 2018. The primary Association fee will be automatically deducted from the total they pay, leaving the difference in fees only. As defined by Netball Australia the groups are:

- Senior - PLAYERS group.
- Junior - PLAYERS group.
- NetSetGO - PROGRAMS group.
- Non Player - NON PLAYERS group.
- All Abilities - OTHER group.

Please note Netball NSW have set this to be the rule at a State level across the Players and Non Players group, which means the 'Discounting Conversion' setting would apply across the Senior, Junior and Non Player state registration types. Therefore, at the point of payment, if a player is already registered for the current year, the primary capitation fee will be automatically deducted from the total payable,
