

User Roles Explained

Role	Functions
Site Manager	Higher level website and competition related maintenance which is typically related to 'setup' or 'configuration' tasks.
User Manager	Access to create and maintain other users. Warning - any user who has this role can effectively then grant themselves any other role.
Content Manager	Website content related maintenance (E.g. create and maintain Html content, home page, News, Events, Slideshow Galleries).
Results Manager	Competition results related maintenance (E.g. clubs: results and scores update, associations: match confirmation, exception reports etc.)
Person Manager	Creation, editing, deleting of person records – E.g. Players, Contacts, Umpires and tasks related to person records.
Email Sender	Sending of email messages (exception: SITE MANAGER can also send Fantasy League messages).
SMS Sender	Sending of SMS messages and Ordering SMS credits
Financial Manager	Access to tasks relating to financial information - E.g. payments/subscriptions made by players or other people in the system.
Additional 'special' roles that are not available in all cases:	
System Admin	Access to high level system administration.
Administer Child	A user within an organisation which manages competitions between other 'child' organisations to 'administer' a child organisation without requiring a separate login to that organisation. For example, an association user with the role can 'administer' one of its participating clubs directly
