Re **2022 Netball NSW Forums**

Netball NSW Forums are Coming this February and March!

Netball NSW is excited to share the final program for the 2022 Forums to be held in Bathurst, Shoalhaven Heads, Newcastle, Lismore and Sydney Olympic Park.

This is your chance to be a part of the 2022 Netball NSW Forums; listen to and learn from leaders within our community and gain insight on many key topics affecting netball today and into the future. It will be a day packed full of information and a great networking opportunity. We look forward to seeing as many of our administrators, coaches and umpires in attendance as we visit four regional centres plus one in Sydney.

What you can expect at the Netball NSW Forums

Feedback from 2021 Forums attendees rated the content covered extremely relevant and would recommend the Forums to a friend. Attendees highlighted reconnecting and meeting other Association volunteers and hearing from industry experts about strategies and tools that have been tried and tested and how they could then use to benefit their own Club and/or Association.

Netball NSW are delighted to announce that this year's guest presenters are Darren Anderson from *Forward Pivot* and Trish Crews and Samantha Jack from *Team GEM*.

Darren Anderson

Darren is a sport development expert specialising in the design of community sport programs such as NetSetGO. [Read full Bio](#)

Darren's session will provide practical solutions on how to improve the NetSetGO experience for participants and how this can assist to grow your Association and Club. You come away with a higher sense of purpose, value and ownership towards NetSetGO, empowered with practical things to do firstly, tomorrow and secondly, next season and beyond to improve the NetSetGO experiences. What Darren will cover could apply across a wide array of Association programs too!

Team GEM

Team GEM's EmpowerPLAY program started as a chat between mums who discovered that their daughters were experiencing anxiety. With a passion to tackle this issue, the trio teamed up to create the Gazelles Empowerment Program in 2015. [Read full bio](#)

After the success of EmpowerPLAY, which focuses on the wellbeing of our young netballers, they're back again with another incredible program called CommUNITY. Team GEM will take attendees at this year's Forums through the CommUNITY workshop which will provide the tools for Committees to create a stronger foundation for engagement and commitment within their community.
