

# All Abilities Vouchers

## New Application Process

In 2024, Netball NSW will be looking at implementing a standard process for the distribution and application of All Abilities discounts and vouchers for our members. The aim of this new process is to be proactive in giving access to the Associations and Clubs who need these discounts for their All-Abilities members, and to also remove the workload acquired through the requests of invoices for these memberships.

Netball NSW will still be open and allow for the application of All Abilities vouchers in situations where the Associations still wish or need to cover the entire amount for their members so that the member is only needing to do 1 voucher application, however this will be on a normal Voucher Form process and can be done on request.

Please see the new implemented standard process for All Abilities Membership Discount and Fee Application for 2024:

| Option 1: New Process |   |
|-----------------------|---|
| 1                     | <p>Netball NSW will distribute discount vouchers to all Associations who have evidence of All Abilities members in 2023. The amount of this discount voucher will be based on the following equation:</p> <p>Netball NSW Junior or Senior Fee – All Abilities Fee = Remaining Amount<br/>                     Remaining Amount will then become the “discount” which will be given in the form of a voucher and leave the member with the All Abilities membership fee of \$43.00 to pay + any association or club based fees. (These can be vouchered off at Club/Association level if required).</p> <p>For example, \$109.00/\$86.00 (Senior Fee/Junior Fee) - \$43.00 (All Ability Fee) = \$66.00/\$43.00</p> |
| 2                     | <p>Netball NSW will NOT need to invoice the associations for these discounted amount vouchers as this is charging the member at the start for the fee in which they need to pay.</p>  |

### Option 2: Current Process Steps

- |   |   |
|---|---|
| 3 | <p>As per the 2023 voucher request procedure, If a Club or Association who wish to cover the ENTIRE amount including their own fees and reduce this fee for the member to \$0.00, in a scenario such as Sponsorship for the All Abilities member, or where they want to have any club and association fees covered, the association will notify NNSW and we will send you an upfront voucher to cover this cost down to \$0.00 based on the amount of uses the association had in 2023. Netball NSW will then charge the Associations the \$43.00 for any vouchers redeemed through memberships during the monthly invoicing cycle which the Association or Club will need to seek offline payment from their members as per previous years.</p> <p>Any additional vouchers can be requested through the usual <a href="#">voucher request form</a> or via <a href="mailto:community@netballnsw.com">community@netballnsw.com</a> to increase the current amount.</p> |
