

Facilities Management

Some Handy Hints

Know Your Facility Responsibilities

- Do you know what your responsibilities are with any leases or licenses you have with the local council ?
- Create a single committee position to liaise with the local council on all operational matters.
- Ask Council Officer what is the standard process for maintenance requests and process for capital improvement requests

Know Your Local/State/Federal elected representatives

- Invite the elected officials to the first game of the year, to your presentation night and any significant events during the year.
- Take pictures of their visit and send copies of photos to their office
- President should check-in with all elected officials once per year to share a conversation about the state of netball.

Planning for significant capital improvement

- Planning for significant works can take 2-5 years
- Netball Hardcourts last about 20 years
- Acrylic Court Coatings last 7-10 years
- Create a facility improvement plan – NNSW can assist with this
