A. Purpose

Netball Australia (*NA*) has a role to play in providing Affiliates with policies to support a safe and clean environment for Affiliate Persons and Affiliates. Standards and requirements across sports science and sports medicine services ensure that athletes are treated by appropriately qualified and supervised staff, with key focus areas across the use of drugs and medicines in sport, supplements, treatment of concussion as well as other initiatives that focus on the care of an athlete.

There is an increasing concern about the improper use of drugs and medicine in sport. Drugs and medicines distributed and/or administered by persons not qualified to do so puts an athlete's health and safety at risk and also carries anti-doping and integrity risks.

The improper use of drugs, including Illegal Drugs, can have a significant impact on the culture of sporting environments and the performance of individuals.

Illegal Drugs represent a widespread community problem and can pose a serious health issue for individuals. NA and the Netball Organisations are aware of the availability and the prevalence of use of Illegal Drugs in society and seeks to deter Affiliate Persons from the use of such substances.

The purpose of this Policy is to provide a framework to:

- a) address and deter any unlawful distribution and use of Illegal Drugs in connection with Affiliate Persons while participating in Activities;
- b) aim to reduce the harm caused by Illegal Drugs to Affiliate Persons and the broader community;
- c) ensure that appropriately qualified personnel are appointed to provide science and medicine services to athletes; and
- d) ensure that injections are only administered to athletes within netball as part of appropriate medical treatment.

The Australia Institute of Sport (*AIS*) leads the sport sector in best practice for Sport Science and Sport Medicine and works collaboratively with NA and Sport Integrity Australia (*SIA*) in relation to compliance with policy and standards relating to Sport Science and Sport Medicine.

The Sports Medicine Policy for Elite Programs applies to Participants, Netball Organisations and NA.
